

# COVID-19

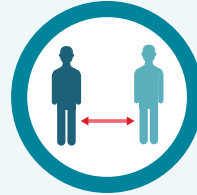

## Keeping Our Community Safe:

There is no higher priority for us than the health and safety of our patients and employees. We want to share the safety measures we have implemented in our clinic.

### Preventative Safety Measures

We are wearing masks and other protective gear

We are practicing social distancing throughout our clinic.

We screen all patients at time of scheduling and again at check-in.

We have increased the frequency of cleaning and disinfecting of all surfaces.

We are practicing frequent and thorough hand-washing.

Thank you for your cooperation and understanding!
