

Have you tested POSITIVE for COVID-19?

Our workforce is our most valuable asset. If you have tested positive for COVID-19, please follow our return-to-work process so you can be back to work as quickly and smoothly as possible. Use the below infographic to get started.

Confirmed COVID-19
Diagnosis

YES

Are you experiencing
symptoms such as:

NO

Time-Based Process—
Exclude from work until:

Fever: Over 100.4 taken with two different thermometers.

Respiratory: New and concerning cough not related to acid reflux or chronic conditions like allergies or asthma.

Gastrointestinal: Systemic symptoms that are new and concerning not related to chronic conditions.

Loss of Taste/Smell: Return to work 10 days after loss of taste/smell as long as no other symptoms develop.

Time-Based Process—
Exclude from work until:

At least 10 days have passed since symptoms first appeared **and** at least 24 hours have passed since recovery defined as resolution of fever without the use of fever-reducing medications **and** improvement in all symptoms (e.g., cough, shortness of breath).

Upon returning to work, wear an unvented N95 mask or equivalent, self-monitor for symptoms, and seek re-evaluation if symptoms return.

10 days have passed since the date of first positive COVID-19 diagnostic test—assuming symptoms have not developed.

Upon returning to work, wear an unvented N95 mask or equivalent and self-monitor for symptoms.
