

# Have you been **EXPOSED** to COVID-19?

Our workforce is our most valuable asset. If you have been exposed to an individual testing positive for COVID-19 at work or outside of work, please follow our unprotected exposure process to determine the steps you need to follow once exposed. Use the below infographic to get started.

Unprotected exposure to an individual with a positive COVID-19 diagnosis.\*

\* Unprotected exposure or close contact can be defined as someone who was within 6 feet of an infected individual for a total of 15 minutes or more over a 24-hour period.

Mandatory COVID-19 testing.

Are you experiencing symptoms such as:

Positive for COVID-19

Follow the Confirmed COVID-19—Time-Based Process.

Negative for COVID-19

Continue to work when following these guidelines:

**Fever:** Over 100.4 taken with two different thermometers.

**Respiratory:** New and concerning cough not related to acid reflux or chronic conditions like allergies or asthma.

**Gastrointestinal:** Systemic symptoms that are new and concerning not related to chronic conditions.

**Loss of Taste/Smell:** Return to work 10 days after loss of taste/smell as long as no other symptoms develop.

NO

YES

Strict unvented N95 mask use at all times. Self-monitor for symptoms and take temperature prior to starting work each day. **Do not take break in group area.**

If symptoms develop contact your RCM/ Manager, HR, and [covid@forefrontderm.com](mailto:covid@forefrontderm.com)

Exclude from work until test results are available.
