

FOREFRONT DERMATOLOGY'S

COVID-19 POSITIVE TEST GUIDE

Current as of May 24, 2022

VACCINATED/ IMMUNE WITH POSITIVE COVID TEST

Received both doses of the Covid vaccine with or without booster or a positive PCR Covid test within the last 3 months.

Stay off work for 5 days from positive test result or first symptom.

Return to work after 5 days if symptoms have improved and are fever-free for 24+hours.

UNVACCINATED/ NON-IMMUNE WITH POSITIVE COVID TEST

Has <u>not</u> received both doses of the Covid vaccine and has <u>not</u> had a positive PCR Covid test within the last 3 months.

If symptoms have not improved, stay off work for an additional 5 days.
