

SKINjectable SKINcare

Post-Injectables Skincare Regimen

Getting dermal filler injections is quick and easy, but taking care of your skin afterward is key to maintaining results. Following a few simple dos and don'ts can maximize your results and avoid bruising or unwanted dissipation.

Topical *skincare*

- ✓ **1. Gentle Cleanser**
Gently cleanses without causing irritation.
- ✓ **2. Antioxidants**
Protects with topical antioxidants, like vitamin C, for skin defense.
- ✓ **3. Hyaluronic Acid**
Hydrates, plumps, and promotes healing.
- ✓ **4. Moisturizer**
Hydrates, softens, and enhances skin moisture.
- ✓ **5. Sunscreen**
Essential daily protection against UV rays.

Post-Injectables Quick *Tips*

Skincare *Tips*

- ◇ Consult your clinician to discuss all your medications
- ◇ Expect bruising and swelling
- ◇ Keep hydrated
- ◇ Go makeup-free on the day of your injections
- ◇ Apply ice for a few minutes every hour
- ◇ Wear sunscreen daily
- ◇ Invest in quality skincare products
- ◇ Schedule your next maintenance appointment

Post-Injectables *restrictions*

For up to 5 days:

- ◇ Refrain from touching or massaging your face
- ◇ Avoid hot saunas or excessive heat for 24 hours
- ◇ Avoid harsh exfoliants, retinoids, and acids (AHA, BHA)
- ◇ Minimize physical activity for at least 24 hours
- ◇ Avoid taking blood thinners, like aspirin or Advil
- ◇ Avoid drinking alcohol
